

# SUJANA SAMIA SINTHIA

Motivated Software Engineering graduate with experience in enterprise application development, skilled in managing projects and delivering innovative software solutions.

## EDUCATION

**Bachelor of Software Engineering, Computer Science and Information Technology, University Putra Malaysia - UPM, Serdang Campus, Malaysia (Feb 2020 – Feb 2024)**

**GPA-3.75**

## WORK EXPERIENCE

### Software Engineer Intern (Full Stack – Laravel PHP)

*MESINKIRA Sdn. Bhd • Aug 2023 – Feb 2024*

Built an internal staff application with Laravel, Tailwind CSS, and Alpine.js; gathered requirements, designed UI, and collaborated via GitHub.

### Junior UI/UX Designer

*Pellopay • 2024*

Designed user-friendly, responsive website interfaces with modern UI elements to improve navigation and brand credibility.

### Content Analyst

*Usarion • 2024*

Conducted market research, developed business ideas, and created strategic content; explored AI agent integration for product innovation.

### Remote Employee

*Braintrust – Outlier AI • 2025*

Contributed to AI projects by analyzing data, organizing content, and supporting AI training with high-quality inputs.

### Freelancer – Email Marketing & WordPress Developer

*Fiverr • 2024–2025*

Developed responsive WordPress websites, customized themes/plugins, and executed email marketing campaigns using Mailchimp and Klaviyo.
